

The Diamond Salon has expanded to 3,675 sqft and we are looking to complete our team prior to our new marketing campaign. Our salon is a great place to work as it is well managed and the staff operates as a family (unmatched support). We are Arkansas' Ultimate Glam Squad and we offer the most diverse service list:

Full service hair salon, makeup application, eyelash extensions, spa facials, massage therapy, hair removal, eyebrow tinting, teeth whitening, body wraps, mobile styling, virgin hair extensions, boutique, retail/merchandise and beauty industry classes (with celebrity educators as well as the nation's finest)!

We are one of the most social salons as we consistently broadcast via newsletters, social media, mobile app and salon website. We know the struggle of getting and retaining the ideal clients so our #1 goal is to eliminate slow days by collaborating, educating, networking, advertising and so much more. Our clientele is diverse and we are looking to diversify our staff to ensure that we provide **ALL** of the services that are requested.
